**A. ST. JOHN'S INTERNATIONAL SCHOOL**

St. John's International School or SJIS is part of the excellent scholastic tradition that began with St. John's Institution, Kuala Lumpur in 1904. The SJIS building is part of St. John's Institution edifice of red and white brick 'Grecian-Spanish' architectural heritage that was built in the 1930s. It is the melting pot of students from different cultures and backgrounds. SJIS is associated with the De La Salle Brothers, renowned for their traditional hallmark of excellence in education. Once at SJIS, students shall be part of the luminous and distinguished De La Salle global alumni of over 1 million. Currently, SJIS offers the Cambridge International Examinations (CIE), GCE A Level, IGCSE and Lower Secondary both in Pure Sciences and Humanities. This international qualification has been offered by Cambridge for over 50 years and is recognised worldwide in more than 300 countries including North America. Both students and parents will recognise that SJIS possesses distinctive educational characteristics. Members of SJIS faculty are discerningly selected for their top academic qualifications and methodical competencies. They are chosen for their penchant in the scholastic care of students, and in their consistency in maintaining updated knowledge and practices of the education world. At SJIS, we envision and provide a great learning experience for our students. Our focus on varied exposures and well-balanced needs of students will set them on a trail blazing glorious path in path in higher education studies and a promising bright future.

*Welcome to SJIS!*

**B. OUR VISION**

To be a leader in providing a first class, well-rounded holistic education in a stimulating learning environment.

**C. OUR MISSION**

SJIS strives to inspire every student with the fortitude to grow and become respected and trusted leaders of the community by accomplishing academic, personal and social goals founded on the holism of faith, knowledge, thinking, creativity and excellence.

**D. SCHOOL CREST**

This emblem reflects the education excellence heritage that is inherent with the illustrious name of St. John's. The pursuit of higher education is represented by an open book with a mortar-board. The open book signifies a mind that is open to new ideas and new challenges. Malaysia's national flower, the hibiscus, is laid out in a row to depict the synchronicity of "Vision, Mission and Spirit". The phoenix with its fierily spread wings acts as the sentinel of eternal and perpetual pride towards the setting of lofty standards and achieving high goals. The name of the institution is set out as an arch providing the aegis of authority and influence whereas the school motto "Faith and Fortitude" underlines the strong beliefs and courage on which it was founded. It is emblazoned across a yellow ribbon to denote youthfulness and vibrancy. The green background of the crest signifies the milieu of willingness to explore new and fresh approaches to education, as well as care for the environment and a better tomorrow.

**E. SCHOOL SONG: FAITH & FORTITUDE**

We'll strive with our hearts and soul, With Faith & Fortitude to reach our goal.

When the Phoenix spreads its wings up to the sky, We will all hold our heads up high.

Let Faith & Fortitude be our guide, We'll do our best to do what's right. Whichever path that we may take when we are apart SJIS stays in my heart.

We'll uphold your name for it's a name of fame, A name that we can claim and be proud of. We pledge our faith in you, Together bold and true, Forever you'll spur us on.

Let Faith & Fortitude be our guide, We'll do our best to do what's right.

Whichever path that we may take when we are apart SJIS stays in my heart.

## **F. ADMISSION POLICY**

All applicants are required to submit a completed school application and registration form together with certified true copies of the relevant documents (i.e. MyKad, previous academic results/report card, school leaving certificate) and four copies of passport sized photograph (non-returnable). An applicant is only considered an SJIS student upon the acceptance of the 'Letter of Offer' and having paid all fees due on registration. All the registration and confirmation of registration shall be confirmed only after submission of all the relevant documents as per our checklist. The 'Letter of Acceptance' will only be processed upon receipt of the required documents mentioned above (non-returnable), together with the completed application and registration forms.

23. Hands must be dry when using electrical switches, plugs and wiring.
24. Always turn off the switches when not in use and before removing plugs.
25. When plugging or unplugging an electrical device (e.g. microscope), hold the plug firmly by its insulating cover. Do not unplug by pulling on its cord.
26. Damaged plugs and faulty apparatus/equipment should be reported immediately.
27. Always assume that all chemicals are dangerous. Use proper technique when handling the chemicals.
28. Do not touch, taste or smell the chemicals unless instructed to do so. The proper technique for smelling chemical fumes will be demonstrated to the student.
29. Use the fume cupboard when dealing with concentrated acids and bases as well as chemicals that have unpleasant odours.
30. Check labels on reagent bottles twice before removing any of the contents. Take only the amount needed to avoid waste.
31. Never return unused or excess reagent to their original containers to avoid contamination.
32. Replace the stopper/cap of any reagent bottle after having finished using it as soon as possible, and return the bottle to the designated place.

33. Always keep the reagent bottles in their proper place at all times.
34. Never suck liquids into a pipette by mouth. Always use pipette fillers.
35. Exercise extreme caution when using a Bunsen burner. Students must keep their heads, hands and clothing at a safe distance from the flame at all times.
36. Never leave a lit burner unattended. Always turn off the burner when not in use.
37. Never leave anything that is being heated or is visibly reacting unattended. Always turn off the burner when not in use.
38. When materials are heated in test tubes, students must never point the open end of the tubes at themselves or other persons, nor should they look down at the tubes.
39. When material is being heated in a beaker, never look into the beaker.
40. Always use tongs or heat-protective gloves when removing beaker or test tube from the heat source.
41. Report any accident (e.g. chemical spillage, breakage) or injury (e.g. cut, burn) to the lecturer/teacher immediately, regardless how minor the incident is. Do not panic.
  
42. If a chemical splashes onto the skin or in the eye(s), immediately flush with running water from the eyewash station for at least 20 minutes. Notify the teacher of the incident immediately.
43. All breakages must be reported immediately to the lecturer or laboratory technician.
44. Never handle broken glass with bare hands. Use a brush/broom and dustpan and discard the glass as directed or into a bin labelled 'broken glassware'.
